Sir,

I have the honour to forward herewith the report of the Mysore University Committee. Along with the report itself are also sent the revised draft Regulation and draft Ordinances as well as two notes of Mr.Chakravarti.

2. As time was very short, it was not possible to get the signatures of the members to the copy of the report now sent. A copy is on circulation for the purpose and will be sent soon.

3. The details given in the Ordinances with regard to the courses of study are not complete, as certain alterations were made after the work of the Sub Committees had been completed. Further reference to them or to other gentlemen

had

Draft order of Government.

The Government of His Highness the Maharaja of Mysore have resolved upon establishing the University of Mysore from the 1st of July next. The arrangements to be brought into force will be found in the Mysore University Regulation, and the Ordinances which will be appended thereto; but as the passing of the Regulation in its due course may take some time, the following details of the ~~D~~ scheme as submitted by the University Committee appointed by -- Government Order No.5493-8/Edn.90-15-9 dated 1st April 1916 are published for general information.

2. The Junior Intermediate class in both the Colleges will be abolished. All pupils who are declared to be fit - for ~~the~~ College Course in the Seconday School Leaving Certificate Examination or have passed the Matriculation Examination of any University as well as those who do not obtain promotion from the Junior Intermediate class, will be admitted to the University Entrance Class to be opened in the - recognised High Schools.

3. The First and Second Year University classes will be opened in both the Colleges in Mysore and Bangalore. -- Those who wish to enter for the B.Sc.Degree should join the First Year Class in Bangalore, as the course will be the - same for the B.A. and the B.Sc.Degree for the First Year.

4. Pupils promoted from the Junior Intermediate classes of 1915-16 will be admitted to the First Year University - class as well as those who have passed the Intermediate - Examination and wish to proceed to the B.Sc.Degree of the Mysore University.

5. The Senior Intermediate class of the Madras --- University course will also be maintained in both the -- Colleges for 1916-17, and pupils who are promoted ~~to~~ from the - Junior Intermediate class may at their option complete the Intermediate course by joining these classes.

6. The Junior B.A. classes will not be opened in either of the Colleges, and persons passing the Intermediate examination will be admitted into the Second Year class to enable them to proceed to the B.A.Degree Examination of the Mysore University. Those who wish to take the B.A.Degree of the Madras University will have to join some affiliated --- college outside the State.

7. The Senior B.A.class and the Honours classes of the Madras University will be kept up as usual for the -- benefit of those who have already taken this course, but - ne new admissions will be made except of those who are unsuccesful in the B.A. (Pass) Examinations of 1915-16.

8. The appendad extract from the draft of the ---- Ordinances will give information about the courses of study for each class and conditions of admission and other particulars; they are subject to such alterations as may be considered necessary on a consideration of all the reports of the - Sub Committees appointed to ~~draft the~~ draw up the courses, but they may be taken as approximately final for the present year. Further information (if required) may be obtained from the Secretary to the University Committee or from the ---- Principals of the Colleges or the Head Masters of the ---- recognised High Schools. For the present, no degrees and - degree courses provided for in the Mysore University in Law, Engineering and Medicine. Students who wish to take these degrees will have to proceed to Universities outside the - State. Applications will be made in due course to the various Indian Universities for the recognition of the Mysore ----- University degrees and examinations, to the extent allowed by their rules; and there is every reason to believe that - the Mysore University will be accorded the same treatment as is accorded by the older Universities in India to one - another in this respect.

(para) 9

10. Within the State, the Graduates and Under Graduates of the Mysore University will have all the privileges that have been hitherto accorded to the Graduates and Under --- Graduates of the Madras and other Indian Universities by Regulation, rule or order of Government.
